

Fire Escape

Sounds Under Radio

Hold back your faith, when you feel like you don't exist
I keep looking away for figures I can't resist
Don't tell me I'm wrong, our love was not a fire escape
There's nothing left for us to change I'm looking for a way out, for a way out
Just trying to get some sleep tonight
I'm hoping not to fade out, not to fade out of the light
This love is a fight We're hollow in pieces, with parts that beating, for pulses to coexist
But you're waiting on someone, to tell you it's nothing, these feelings you can't resist Don't tell me I'm wrong,
our love was not a fire escape
There's nothing left for us to change I'm looking for a way out, for a way out
Just trying to get some sleep tonight
I'm hoping not to fade out, not to fade out of the light
This love is a fight I'm looking for a way out, for a way out
Just trying to get some sleep tonight
I'm hoping not to fade out, not to fade out of the light
This love is a fight Don't fade out, don't fade out... I feel like I don't exist
Don't fade out, don't fade out... I feel like I don't exist
I feel like I don't exist
I feel like I don't exist
