This Is for the Lover In You

Shalamar

It's got to be real
Girl, I could write a book on how you're makin' me feel
I know I'll never find
Another who could match the lovin' you've givin' to meSo this is for the lover in you
This ring means I'll always be true
This is how we'll start love anew
This time it's gonna last foreverI trust you, yes, I do
And girl, you're not the kind a guy could easily charm
'Cause the meaning of love
Is always shown to me when you are wrapped in my armsSo this is for the lover in you
This ring means I'll always be true
This is how we'll start love anew
This time it's gonna last forever (I don't wanna, I don't wanna give you up)This is for the lover in you (I love you , baby)
This ring (Ooh)
This is (For the lover in you, girl)
This time it's gonna last foreverI could say I never met a girl, no, no
Who satisfied my mental and my physical thing
When I lay me down to sleep
I'm rest assured with the thought that you are right next to me, my babyThis is for the lover in you (Take this ring)
This ring (It means I'll always be true)
This is (How we'll start love anew)
This time it's gonna last forever
This is for the lover in you (Take my ring)
This ring (Oh oh)
This is (Sweet baby)
This time we're gonna be togetherOh
So much love between us
I'll be the one to come runnin' {Be the one to come runnin'}
Oh, home to you {Home to you}
You give me sweet love
With a woman like you, I don't need to play around
Oh, you're more than just one woman
You're blowin' my mind with the love that you're givin'
That's what you hear me say
Girl, every dayIt's for the lover in you, baby
With this ring I'll show you that there ain't no maybes
It's for the lover in you, baby

And it's this time we're gonna last foreverIt's for the lover in you, baby
With this ring I'll show you that there ain't no maybes
It's for the lover in you, baby
And it's this time we're gonna be togetherIt's for the lover in you, baby
With this ring I'll show you that there ain't no maybes
It's for the lover in you, baby
And it's this time
