Head Automatica

And here's a story for the jokers
Who can't face the fact that the truth's the truth
Well I knew a cat named Felix
And if it wasn't nailed down and he saw it, he would steal it
One night with a knife, he robbed a joint and lost his life
And Felix couldn't wait to choose the wrong and meet is fate
I don't really know what somebody said
But truly, consequences can mess with your head
I don't know, is it true? I'll leave it up to you
Listen, listen, listen
Do you understand the consequence?
Listen, listen, listen
Do you understand the truth?
I don't imagine that you do
I don't imagine that you do
You get what you give, reap what you so, live and let live
Don't question everything
Every thing's not there for the questioning
Sometimes, stuck is stuck, fate is fate, and luck is luck
And Felix learned quick the path of which and where to stick
I don't really know what somebody said
But truly, consequences can mess with your head
I don't know, is it true? I'll leave it up to you
Listen, listen, listen
Do you understand the consequence?
Listen, listen, listen
Do you understand the truth?
I don't imagine that you do
I don't imagine that you do
Here's a story for the jokers
Who can't face the fact that the truth's the truth
Well I knew a cat named Felix
And if it wasn't nailed down and he saw it, he would steal it
One night with a knife, he robbed a joint and lost his life
And Felix couldn't wait to choose the wrong and meet is fate
I don't really know what somebody said
But truly, consequences can mess with your head
I don't know, is it true? I'll leave it up to you
Listen, listen, listen

Do you understand the consequence?
Listen, listen, listen
Do you understand the truth?
I don't imagine that you do
I don't imagine that you do
Listen, listen, listen
Do you understand the consequence?
Listen, listen, listen
Do you understand the truth?
I don't imagine that you do
I don't imagine that you do
