

# Airplanes

## Local Natives

The desk where you sit inside of a frame made of  
Made of, of wood  
I keep those chopsticks you had from when you taught abroad  
Taught abroad in Japan I love it all  
So much I call  
I want you back, back, back  
You back I did not know you as well as my father  
Father knew you  
Every question you took the time to sit and look it up  
Look it up in the encyclopedia I love it all  
So much I call  
I want you back, back, back  
You back I love it all  
So much I call  
I want you back, back, back  
You back, yeah It sounds like we would've had a great deal to say  
To say to each other  
I bet when I leave my body for the sky the wait  
The wait will be worth it I love it all  
So much I call  
I want you back, back, back  
You back I love it all  
So much I call  
I want you back, back, back  
You back
