

# Rockstar (feat. Brian May)

## Dappy

They say that I'm dangerous  
Like everything I touch falls apart  
If I were to tell, they'll kill me now

Well imma cut to the chaseI used to wish on a star but nowadays I need space: satellites

See the black shades white chain, flashing lights  
Never thought I could of felt this low in the highlights  
So I asked Phyllis its still another day in paradise  
Is the heaven for the forever twenty seven  
Could it be three years till I'm jammin' with legends?  
I got thousands of fans, but I don't get the obsession

There's a nice guy inside, I guess I've never met himCause I could buy a fast car but not even an aeroplane can  
seem to get me out of here

The pressure and the stress are both dying to see the end of me  
And the man in the mirror is looking at me like an enemyWhoa  
What doesn't kill you makes you stronger every time

Naho

Don't let em tell you how to live your life, causeThey say that I'm dangerous  
Like everything I touch it falls apart  
If I were to tell, they'll kill me now

Well imma cut to the chaseCause I'm living like a rockstar  
I ain't afraid the good die young  
Cause I be living like a rockstar

I blow up a million miles away, away, awayOh oh oh oh oh  
Chica bang bang  
Oh oh oh oh oh

Chica bang bangMama always told that there's someone looking over me

Think she meant the guy with the camera tryna photo me  
Be careful what you wish for, cause the truths a little different  
If the guardian's my angel, why's the sun burning holes in me?

They let me loose on the public, but I didn't prepare  
I get shock by a lens everytime I appear  
Put a star in the room, I swear it changes the atmosphere  
Cause I'm a celebrity, can someone get me out of hereWhoa  
What doesn't kill you makes you stronger every time

Naho

Don't let em tell you how to live your life, causeThey say that I'm dangerous  
Like everything I touch it falls apart (oh like everything I touch it falls apart)  
If I were to tell, they'll kill me now  
Well imma cut to the chaseCause I'm living like a rockstar (yes I am!)

I ain't afraid the good die young (woah oh oh oh)

Cause I be living like a rockstar

I blow up a million miles away, away, awayCause I don't care, I don't care

Take me there, take me there

Na na na I ain't scared, I ain't scared

Take me there

Well imma cut to the chase cause I be living like aYou ain't a legend till your set in stone

For now your just flesh and bone

Just a little brother tryna build a home

I'll be the best till my dying breath: brian jones

A wise girl once sung tears dry on their own

Fuck a moment of silence in my house

We shut the whole shit down for winehouse

So I've got something to say

Take aim, pull the trigger

Cause your never going to blow me away ( away,oh woah)They say that I'm dangerous

Like everything I touch it falls apart

If I were to tell, they'll kill me now

Well imma cut to the chaseCause I'm living like a rockstar

I ain't afraid to die young

Cause I be living like a rockstar

I blow up a million miles awayCause I don't care, I don't care

Take me there, take me thaere

Na na na I ain't scared, I ain't scared

Take me there

Well we can cut to the chase cause I'm living like aCause I'm living like a rockstar!Oh oh oh oh oh oh

Chica bang bang

Oh oh oh oh oh oh

Chica bang bang
