I Won't Let Go

Jet Black Stare

Torn by the words I should tell her
I feel she's slipping away
I can't deny all the feelings inside
And I hope she feels the same wayCause I won't let go
And I won't say goodbye
Tell me you want to try
Tell me you'll stay the night
All in time
Don't you say goodbyeFight for the reasons that I stay
Fight for the reasons to change
(Fight for the reasons to change)
I can move on but I keep holdin' on
And I need her to feel the same wayCause I won't let go
And I won't say goodbye
Tell me you wanna try
Tell me you'll stay the night
All in time
Don't you say goodbyeCause I won't let go
And I won't say goodbye
Tell me you wanna try
Tell me you'll stay the night
All in time (in time)Cause I won't let go
And I won't say goodbye
Tell me you wanna try
Tell me you'll stay the night
All in time
Don't you say goodbye
I won't say goodbye
Don't you say goodbye
