All I Need To Know

Emma Bunton

A lot of bridges, I shouldn't be so scared to burn
A lot of lessons, I shouldn't be so scared to learn
If I could lose the worst of me hold on
To what remains
And all I need to know is you'll change with me
And help me be the most that I can be
And turn into the one last missing piece
When it all comes down
A lot of people don't seem to understand
My point of view, it doesn't matter
'Cause I love the way I am with you
'Cause you can take the worst of me
Hold on to what remains
And all I need to know is you'll change with me
And help me be the best that I can be
And turn into the one last missing piece
When it all comes down
And all I need to know is you'll change with me
And help me be the most that I can be
And turn into the one last missing piece
When it all comes down
