

Dreams Come True

Gregory Isaacs

Send me the pillow that you dream on
So that I can dream only too
And say a special prayer for me,
My darling, darling dear
Pray that this dream will come true

Although sometimes we may be far apart
But, for you I got a place in my heart
So say a special prayer for me,
My darling, darling dear
Pray that this dream will come true

Although sometimes we may be far apart
But, for you I got a place in my heart
So say a special prayer for me,
My darling, darling dear
Pray that this dream will come true

So send me the pillow that you dream on
So that I can dream only too
And say a special prayer for me
My darling, darling dear
Pray that this dream will come true
Pray that this dream will come true

Although I know we may seem far apart
But, for you I got a place in my heart
So say a special prayer for me,
My darling, darling dear wolo
Pray that this dream will come true

Pray that this dream will come true wono
Pray that this dream will come true wolo
Pray that this dream will come true wono
Pray that this dream will come true
Pray that this dream will come true
