

# Set It Right

## How to Dress Well

I won't save my pride  
I won't strain my will  
From the devil's fire, light will shine down still  
You know that you wanted everything to last forever, didn't  
you? You wanted the  
World to come and make it better  
All that you could say was you wanted to last a while  
And even when life was cold you never would've asked for life to stop  
And now these songs all stand down in  
your place  
And I swear I still see your soul in your baby's face  
And I swear to god it's no coincidence that as  
I sing this song today it's been one year since  
And I miss you Ryan, Dan, Sam, Jamie, Mama, Dad, Andrew, Don, Grandma, Francey, Dani,  
Faith, Robbie, Will, Jeanne, Nicky  
I won't save my pride  
I won't strain my will  
From the devil's fire, light will shine down still  
No I won't waste my life  
I'm not worried to take myself as far as life wills  
For us, it's just right, as far as love goes  
It's just one step at a time  
That's not to say that I'm giving up on you  
And I never meant to imply that my love isn't true  
And I pray that you will always love me too  
Because in being true to you I'm true to me too
