

Echo

Vertical Horizon

[Chorus:]
Echo,
Echo-ooo
We come and we go
No, I don't want to be just another
Echo
Echo-ooo Everywhere I go
Something that I really need
Everyone I know
Someone that i want to be. Even though,
I don't really know
I better pick it up
Before I let it slip away
I better stick it out
Before I take another day. Into now
Every word I say, fades out. [Chorus] Can only open up your eyes
When the clouds break
Can only feel alive
Even though the world shakes. Every night
You're in my quiet, sateen, light.
Can I hold you close
To a rather full moon kiss. Everything I know
I don't even know who it is It all falls through
I'm here and I hear you. [Chorus] Do you hear me?
Do you hear me?
'Cause I need to, just to reach you
Can you hear me?
Coming clearly?
Am I hollow?
Just an echo? [Chorus] (Hello?) Echo
Echo-ooo
(Do you hear me?) We come and we go
(Hello?) No, I don't want to be just another
(Do you hear me?) Echo
Echo-ooo It's just another day
And every single word I say, fades out.
