

It's a Good Night for Singing

Jerry Jeff Walker

Bob LivingstonIt's a good night for singing,
I got too drunk and my ears are still ringing
It's so good to be here, it's a brand new day
We been singing weary midnight tunes,
We started at noon, it's a slip of the moon

And we still got time, it's a brand new dayI wonder where are all the pleasant souls tonight

Indecision made them stay home and wait for daylight

Spherical witness, help me in my flightSinging hours into the night, over and over 'til we saw the light
The nighttime seesaw, the love light we saw

Love at the right time, love at the right timeIt's a good night for singing,
I got too drunk and my ears are still ringing

It's so good to see you, it's a brand new dayIt took us lifetimes to get this far, back to reality
Wonder where we are tonight, it's a brand new day
