

# Paint the Town Redneck

**John Michael Montgomery**

All week long I been workin' that nine to five  
Dreamin' in color but livin' in black and white  
Monday to Friday ain't nothing but shades of gray  
But tonight I'm gonna party  
All my blue collar blues away I'm a paint the town redneck when I get my paycheck  
You ought to see my Chevy van go  
Headin' for the bright lights, I'll be painting all night  
I'm a honky tonkin' Michelangelo  
Picasso with a pool stick  
Too loose with a two step  
Rollin' till my green's all gone  
I'm a paint the town redneck  
Honey want to come along We can get there early  
And draw us a pitcher of beer  
Do a little dancin' and make the blues disappear  
Brushin' up against each other in the neon light  
You can be my Mona Lisa and I'll make you smile tonight I'm a paint the town redneck when I get my paycheck  
You ought to see my Chevy van go  
Headin' for the bright lights, I'll be painting all night  
I'm a honky tonkin' Michelangelo  
Picasso with a pool stick  
Too loose with a two step  
Rollin' till my green's all gone  
I'm a paint the town redneck  
Honey want to come along  
I'm a paint the town redneck  
Honey want to come along
