

Can't Hide From Luv (ft. Jay-Z)

Mary J. Blige

I'm comin' for you,
I ain't wastin' time.
'Cause all night long,

Hope you're ready baby,
'Cause I'm on my way.
To talk a real good one,
But let's see today. I just want to see what your made of.
Can you handle me are you really tough?
Lovers come and go,
So what you gonna do.
Boy this ain't no joke,
It's time to show and prove. (Show me, show me) You can't hide from love, (Hide from love)
No you can't babe (I'm a make you want it).
I'm a make you want, make you want my love, want to make love, come to me
You can't hide from love,
It's too strong babe.
I'm a make you want, make you want my love, want to make love, come to me Now that I got ya,
This is what I'm gonna do.
Boy I need your body,
To move like I move.
Wrap your arms around me,
And don't be shy.
What you feel is a real woman,
Probably for the first time. I just want to see what your made of.
Can you handle me are you really tough?
Lovers come and go,
So what you gonna do? (What are you gonna do baby)

It's time to show and prove. (Show me, show me) You can't hide from love, (hide from love)
