Forever

Six60

[Ad-Lib]
Yeah
Ooh, whoa

[Verse #1]
Look into my eyes
It's the start of my demise
Everything I know and trust
But we shall rise
And much to their surprise
Cos we are not the ones
Whose time has begun, yeah

[Instrumental]

[Chorus]
This is forever, yeah
Baby, they come, they go
But you know I know
This is forever, yeah, yeah
They come, they go
But you know I know, yeah

[Verse #2]
People are our lives
Till they die and send their knives
The stoning of their words
And the malice in their minds
But we shall rise
And much to their surprise
Cos we are not the ones
Whose time has begun, yeah

[Instrumental]

[Chorus]
This is forever, yeah
Baby, they come, they go
But you know I know
This is forever, yeah, yeah

They come, they go
But you know I know

This is forever
This is forever
This is forever
This is forever
This is forever
This is forever
This is forever
This is forever
This is forever
This is forever
This is forever
This is forever

[Chorus]
This is forever, yeah
Baby, they come, they go
But you know I know
This is forever, yeah, yeah
Baby, they come, they go
But you know I know

Forever
Forever
Forever
