

# Beautiful Smile

**DJ Sammy**

My love is like a turning wheel  
It is spinning, spinning around  
Waking up to see your beautiful smile  
I know every second countsMy love is like a turning wheel  
It is spinning, spinning around  
Sunny days and I call your name  
I'd do anything just for your loveMy love is like a turning wheel  
It is spinning, spinning around  
Waking up to see your beautiful smile  
I know every second countsMy love is like a turning wheel  
It is spinning, spinning around  
Sunny days and I call your name  
I'd do anything just for your loveJust for your love  
Just for your loveAnd if I stumble  
And if I fall  
Will you help me?  
Help me back on the groundWhen I'm confused  
And afraid of the dark  
Will you hold me tight  
And show me all of your love?If I fall  
My love is like a turning wheel  
It is spinning, spinning around  
Waking up to see your beautiful smile  
I know every second countsMy love is like a turning wheel  
It is spinning spinning around  
Sunny days and I call your name  
I'd do anything just for your love
