

# Noble

## Dropkick Murphys

You grew up honest and straight, always one of the guys  
The laughs, the brews, good friends forever, drinking camaraderie  
But then one night you were taken from us, gone forever lost  
Stolen away in an Ashmont second and I'll never forget the cost  
Cut down in a brutal fight on a cold and lonely Ashmont night  
Coming up in a turbulent neighborhood, he  
always stood upright  
When things would turn for the wrongful doing, rob went to the right  
But he was never given a chance to traverse down life's path  
with all these put into perspective, noble this one's for you, number one  
He was a kid from the neighborhood  
Cut down in a brutal fight on a cold and lonely Ashmont night  
He was a kid from the neighborhood  
Cut down in a brutal fight on a cold and lonely Ashmont night  
Never forget the great person you were  
The pain and loss still burns  
So much you had but never realized  
That never came your turn  
He was a kid from the neighborhood  
He was a kid from the neighborhood  
He was a kid from the neighborhood  
Cut down in a brutal fight on a cold and lonely Ashmont night
