Something To Strive For

Up Front

it's time we got this straight
been on my mind for quite some time
you say our movement's just a trend
well it's time to draw the line
there are two sides to this story
one is yours and one is mine
so give me a chance, just hear me out
and see just what you'll findI'm not trying to force my values on you
it's not my belief to tell you what to do
'cause you can take it with a grain of salt
or take it as the truth
but there are just three simple things
that I'll ever ask of you
to be honest - think straight
just be yourself - that's all I ask
