

Something To Strive For

Up Front

it's time we got this straight
been on my mind for quite some time
you say our movement's just a trend
 well it's time to draw the line
 there are two sides to this story
 one is yours and one is mine
 so give me a chance, just hear me out
and see just what you'll findI'm not trying to force my values on you
 it's not my belief to tell you what to do
 'cause you can take it with a grain of salt
 or take it as the truth
 but there are just three simple things
 that I'll ever ask of you
 to be honest - think straight
 just be yourself - that's all I ask
