A date with Karma

Emma Forman

I couldn't have imagined that you would turn out to be the loser you turned out to be
I couldn't have imagined that you'd be so shallow I thought you were deep
Saw an old friend, I was talking to her and you'll see, she's got a date with you
I believe you called herHer name is Karma she believes what goes around comes around
Her name is Karma, I believe in her
Her name is Karma she's got a date with you, she's looking forward to it too
Yeah her name is Karma
Oh I believe you called my friend up again
Well you should know she is on the case
What goes round comes round my friend
You don't need to retaliate in this world, it takes care of its selfWell my very good friend called Karma has got a date with you
Oh my very good friend called Karma is working her way to you
Oh my very good friend called Karma knows all about you
My very good friend called Karma is coming round to see you
Yeah my very good friend called Karma knows all about youShe's the one I believe in, I don't believe in anything else
Oh she's the one I believe in
Her and music are what keeps me strongYeah my very good friend called Karma has got a date with you
Oh my very good friend called Karma is on her way round to yours
Yeah my very good friend called Karma is gonna take good care of you
Well my very good friend called Karma knows all about youCos I believe in her I don't need do nothing, I believe in her
Oh my very good friend called Karma has got your phone number babe
and she will call you oneday
Oh my very good friend called Karma knows where you stay
Knows where you stay
