

Sweet Love

[Lucinda Williams](#)

Who
Would've ever guessed
I would be here
Where I am like this? With you, my dear
My sweet, sweet, sweet love
To drink my words
And I make each moment become A celebration
My breath is yours to share
Everything in me
And of me is yours forever If only for your blue eyes
I would choose never
To live a day without you
Here is my love letter
