

Figured You Out

Nickelback

Advisory - the following lyrics contain explicit language:

I like your pants around your feet
And I like the dirt that's on your knees
And I like the way you still say please, while you're looking up at me
You're like my favorite damn disease
And I love the places that we go
And I love the people that you know
And I love the way you can't say "No" too many long lines in a row
I love the powder on your nose
Ouh, and now I know who you are
It wasn't that hard
Just to figure you out
Now I did, you wonder why
And now I know who you are
It wasn't that hard
Just to figure you out
Now I did, you wonder why
I like the freckles on your chest
And I like the way you like me best
And I like the way you're not impressed, while you put me to the test
I like the white stains on your dress
And I love the way you pass the check
And I love the good times that you wreck (The good times that you wreck)
And I love your lack of self respect
While you're passed out on the deck
I love my hands around your neck
Ouh and I know who you are
It wasn't that hard
Just to figure you out
Now I did, you wonder why
And I know who you are
It wasn't that hard
Just to figure you out
Now I did, you wonder why
Why not before, you never tried
Gone for good, and this is it
I like your pants around your feet
And I like the dirt that's on your knees
And I like the way you still say please, while you're looking up at me
You're like my favorite damn disease
And I hate the places that we go
And I hate the people that you know
And I hate the way you can't say "No" too many long lines in a row

I hate the powder on your noseOuh and now I know who you are

It wasn't that hard

Just to figure you out

Now I did, you wonder whyAnd now I know who you are

It wasn't that hard

Just to figure you out

Now I did, you wonder why

Why not before, you never tried

Gone for good, and this is it

Ooh
