

# Still Running

**Dottie Peoples**

Say it, say it, say it Along, you support, then embrace  
Another reason to see  
Success, we unfold, clutching firm  
Betting he panics for sure Say it, say it, that it's done  
I want it, want it, need it done  
Say it, say it, that it's done  
I want it, want it, need it done The lie wants to know  
Has it met expectations so far Say it, say it, that it's done  
I want it, want it, need it done  
Say it, say it, that it's done  
I want it, want it, need it done Still running, never waking up to say it  
Still running, never waking up to say it  
Still running, never waking up to say it Selfishly walking through  
Killing the angles  
Picking and choosing  
To screw all of us one by one So run, make amends  
Feeling torn  
Boy, you better be sure  
Sure Still running, never waking up to say it  
Still running, never waking up to say it  
Still running, never waking up to say it  
Still running, still running  
Still running, still running Say it, say it, that it's done  
I want it, want it, need it done  
Say it, say it, that it's done  
I want it, want it, need it done
