

Black Chow

Big Spider's Back

Put the pressure on me
Put the pressure on me
Black chow for everyone
Must've been some kind of heat

Put the pressure on me
Put the pressure on me
Black chow for everyone
Must've been some kind of heat
White rings around the sun
Must've been some kind of heat
Must've been some kind of heat

Black chow for everyone
Must've been some kind of heat
