

Bad Boy

Gypsy Lumberjacks

I've been a bad boy
I've been doing wrong
drinking whiskey all night long
I've been a bad boy
I've been doing wrong
Snorting cocaine till the break of dawn
I know the reasons
I know the treasons
I bring the party wherever I go
Heaven tells me what to say
Heaven tells me how to pray
Heaven tells me when I need to travel home
Heaven tells me the party's on
Heaven tells me when I'm wrong
Heaven tells me when to say I love you
I've been a bad boy
I've been doing wrong
drinking whiskey all night long
I've been a bad boy
I've been doing wrong
Snorting cocaine till the break of dawn
They have the money
I have the product
The market calls me
And now I'm standing in the lot

-this is as far as I remember, but there is another verse. Hope I helped
