

Rendezvous (feat. Kaleena Zanders)

Doug Locke

VERSE 1:

I c-c-called you on the low
Invitation to call you out
I like you better liquored up
Inhibition tied up and bound
And when you need hero baby, I'll be your 007
Give you that double O double O 24/7

CHORUS:
Nobody has to know the secret things we do

Just let it go, let it flow at our

Rendezvous

VERSE 2:

I'm talking hands on thighs
Dat thirst you can't deny
Don't tell me what to do
Cause Imma tell you what to do
You can't disguise
That hunger in your eyes
Don't tell me what to do

Cause it's a secret rendezvous

CHORUS:
Nobody has to know the secret things we do

Just let it go, let it flow at our

Rendezvous

Inside this private show, we make all the rules

It doesn't matter day or night baby

Rendezvous

B-PART:
Discovered sex before love, we found sex before (love) (x2)

VERSE 3:

I t-t-told you that you can't
Tame the beast, gotta let it out
Unleash your freedom from the box
Feels so good when you live out loud
Use that imagination baby
Let's play confess to the Reverend

If loves a sin, baby

Hell is looking more like heaven (3)

Chorus:
Nobody has to know the secret things we do

Just let it go, let it flow at our

Rendezvous

Inside this private show, we make all the rules

It doesn't matter day or night baby

Rendezvous

Outro:

Discovered sex before love, we found sex before (love) (x4)
