

# A Loving Feeling

[Mitski](#)

What do you with a loving feeling  
If the loving feeling makes you all alone  
What do you do with a loving feeling  
If they only love you when you're all alone  
Holding hands under the table  
Meeting up in your bedroom  
Making love to other people  
Telling each other it's all good  
Kisses like pink cotton candy  
Talking to everyone but me  
I'm staying up late just in case you come up and ask to leave with me  
What do you with a loving feeling  
If the loving feeling makes you all alone  
What do you do with a loving feeling  
If they only love you when you're all alone  
What do you with a loving feeling  
If the loving feeling makes you all alone  
What do you do with a loving feeling  
If they only love you when you're all alone  
You only love me when we're all alone
