Awesome God

Sal Solo

Listen up, let me tell everybody
About my God who reigns
Can boast just little bit 'bout His holy name
He controls the whole universe
But cares enough to fill my cup
So shout to the Lord, sing along with me
And lift the praises up, you say, yeah
What is behind these words I say?
And what makes me feels this way?
He's an awesome God
God, God, God, God, God, God
Let me remind you just who
He is and how His power flows
He healed the sick and He raised the dead up
From the grave He rose
He took the nails and He shed His blood
To prove His soul back His way
So all the power we need to live blessing Jesus name
What is behind these words I say?
And what makes me feels this way?
He's an awesome God
God, God, God, God, God, God
He's an awesome God
God, God, God, God, God, God
What is behind these words I say?
And what makes me feels this way?
He's an awesome God
God, God, God, God, God, God
He's an awesome God
God, God, God, God, God, God
Trust in Him from night and day
And when I'm down I call His name
And if it don't work out my way
I will still give Him the praise
He's an awesome God
Somebody help say it, say it
He's an awesome God, yeah, He
He's an awesome God
God, God, God, God, God, God

Say it again
He's an awesome God
God, God, God, God, God, God, He
I trust in Him from night and day
And when I'm down I call His name
And if it don't work out my way
I will still give Him the praise
He's an awesome God
Can I get somebody to help me, help me say?
He's and awesome God, yeah
Bless Him, bless Him, bless Him, oh
He's an awesome God
Can I get somebody to just put your hands together
And say it, say it
He's awesome God, yeah
[Incomprehensible] take it up, take it up
He's an awesome God
Now that's what I'm talkin' about
