Barael's Blade

The Sword

Forged by the Crow-Mage from shards of darkness
Honed by the half-breed to vorpal sharpnessBehold! The bastard's bladeBane of the demon lord
Slayer of the spider priest
Spiller of the silver bloodFragments of bore infused with purest steel
A warrior's hand and a wizard's mind to wield
Killer of Lor avenging those accursed
Gathering knowledge, quenching deadly thirstBehold! The bastard's bladeBane of the demon lord
Slayer of the spider priest
Spiller of the silver blood
