

Barael's Blade

The Sword

Forged by the Crow-Mage from shards of darkness

Honed by the half-breed to vorpal sharpnessBehold! The bastard's bladeBane of the demon lord

Slayer of the spider priest

Spiller of the silver bloodFragments of bore infused with purest steel

A warrior's hand and a wizard's mind to wield

Killer of Lor avenging those accursed

Gathering knowledge, quenching deadly thirstBehold! The bastard's bladeBane of the demon lord

Slayer of the spider priest

Spiller of the silver blood
