

Turn Up the Love

Far East Movement

We are one tonight
And we're breathing in the same air
So turn up the love
Turn up the love
We're turnin' up the love[Verse 1:]
Just turn it up now
Get get it poppin', hot tamale
Dirty bass, We so bout it bout it
Too legit, we can't quit the party
Super freaks, no Illuminati
So one, two, hit the booze
We on youtube, nothing to lose
So let it loose cause the sheep don't sleep
Like bop, bop, bop, bop
Alright[Verse 2:]
Drop low to the L O
V E gotta get more
So clap your hands, clap, clap your hands
I got nothing but love to give
Turn it up
Turnt up you don't hear me though (hear me though)
Here's a love for your stereo (stereo)
So clap your hands, clap, clap your hands
I got nothing but love to give[Hook:]
We are one tonight
And we're breathing in the same air
So turn up the love
Turn up the love
We're turnin' up the love[Hook:]
We are one tonight
And we're breathing in the same air
So turn up the love
Turn up the love
We're turnin' up the love[Verse 3:]
Go ahead, now floss your love like a heart of gold
Dirty bass will make ya tootsie roll
If you dolo on the floor
I got a crew that will handle that cookie jar
Damn girl, I ain't tryin' to be rude (Hell nah)

Spread love like a guest list, you plus two
That's what you call a move
Like bop, bop, bop, bop

So clap your hands, clap, clap your hands
Like bop, bop, bop, bop[Verse 5:]
Turn me on like this your song
Dirty bass got love to give

Dirty bass got love to give
Yo, let me see that grill from ear to ear
So much lovin' in the atmosphere
Let the good times roll with me right here
