Grace (Single Version)

Simon Webbe

(Grace, grace)
Reaching out, looking for some way to escape the crowd
You whispered words that I've been searching for
Somehow you answered my call
Reaching out I feel I'm rising up[Chorus]
You give me (grace)
In a world that doesn't sleep at all
You give me (grace)
It's a place I've never been before
You give me (grace)
And in all of the confusion you're the peace in my soul
That's why I will never really be aloneSuddenly, I'm up on the surface now where I can see
And picture the person who I need to be
And I know, yes I know I can make it
See me now, I'm slowly rising up[ChrousWell yeah, these are difficult times
These are difficult days
But I know we can face it
Ours are difficult lives
In a difficult place
Oh you give me grace to say when I got it wrong
The grace and the will to carry on
Reaching out I feel I'm rising up[Chrous x 2]
