

Public Defender

Pennywise

There's something you must understand
They have a final plan
To spread their rule across the land
We have to make a stand They wanna fight losers Unite
Let's give 'em something they'll remember
Hey Bourgeoisie listen to me
We need a new public defender Don't turn your head don't look away
We gotta force our fate
They hold the cards they rig the game
Til you refuse to play They wanna fight losers Unite
Let's give 'em something they'll remember
Hey Bourgeoisie listen to me
We need a new public defender There's something you must understand
They have a final plan
To spread their rule across the land
We have to make a stand They wanna fight losers Unite
Let's give 'em something they'll remember
Hey Bourgeoisie listen to me
We need a new public defender
