

# Show Me (Cherry Baby)

INXS

Show me, show me  
Show me how  
Show me, show me  
Show me how Oh, cherry  
Oh, cherry baby  
Oh, cherry  
Oh, cherry baby Oh, cherry  
Oh, cherry baby  
Oh, cherry  
Oh, cherry I found you wanting  
Like everyone  
Always trying  
Happy lying 'Cause I'm no stranger  
To the ways of the world  
I felt like crying  
I felt like dying We took a coffee  
You took it so strong  
Shaded from the neon  
I could still see your eyes Oh, cherry  
Oh, cherry baby  
Oh, cherry  
Oh, cherry baby Oh, cherry  
Oh, cherry baby  
Oh, cherry  
Oh, cherry baby Found in the gutter  
With a knife in her back  
Letter said, "Sorry  
Please don't worry" She had a lover  
With danger in his eyes  
I tried to tell her  
But she had the wildest heart Show me, show me  
Show me how  
Show me, show me  
Show me how Oh, cherry  
Oh, cherry baby  
Oh, cherry  
Oh, cherry baby Oh, cherry  
Oh, cherry baby  
Oh, cherry Show me, show me

Show me how  
Show me, show me  
Show me how Show me, show me  
Show me how  
Show me, show me  
Show me how
