

# Come Fly Away

Jeremy Fisher

Like a sparrow on a wire  
Singin' the same song everyday  
I'm feeling restless but I'm tired  
Don't want to leave but I can't stay  
You and me need something more  
It's time to spread our wings and go  
So comeâ€¦.. fly away!  
Through the clouds into the sun,  
far away from everyone  
Comeâ€¦.. fly away  
When we get above the rain  
They are allâ€¦ sunny days  
My heart is pounding like a hammer  
Chasing the seasons round the sun  
Just like a question with no answer  
I guess we're always on the run  
You and me need something more  
It's time to spread our wings and go  
So comeâ€¦.. fly away!  
Through the clouds into the sun,  
far away from everyone  
Comeâ€¦.. fly away  
When we get above the rain  
They are allâ€¦ sunny days  
Outro:  
Ohâ€¦ woahâ€¦ oh! (until end)
