It's All Up to You

No Fun At All

You better take control
Or else you will float along
Aah, you better use some action
'Cause nothing won't come to you
Won't come to youStrike 1, strike 2
This time it's up to you
Ooh, this time it's up to youYou better make a stand
Or someone else will take your chance
Aah, you better use some action
'Cause nothing won't come to you
