Remember

Lil Romeo

I love you, you love me
Walk with me, girl talk to me
Be down for me, wait around for me
Care for me, be there for meHow many remember their first kiss?
How many remember their first wish?
How many remember their first dance?
How many remember their first chance?I love you, you love me
Walk with me, girl talk to me
Be down for me, wait around for me
Care for me, be there for meHow many remember their first kiss?
How many remember their first wish?
How many remember their first dance?
How many remember their first chance?I remember the first time we met you was quiet as kept
Cubic dimples hair done in barrettes
Charc caramel a keep a secret never tattle tell
We been holding our own never get mad and tellSomeone who would ride with me be on my side with me
Be a friend spend time with me
Roller coaster three wheel motion
Wide open you under oceanBig teddy bears cotton candy every where
We can do this thing everyday every year
Come on and talk to me now walk with me
Think about it this how it ought to beI love you, you love me
Walk with me, girl talk to me
Be down for me, wait around for me
Care for me, be there for meHow many remember their first kiss?
How many remember their first wish?
How many remember their first dance?
How many remember their first chance?I love you, you love me
Walk with me, girl talk to me
Be down for me, wait around for me
Care for me, be there for meHow many remember their first kiss?
How many remember their first wish?
How many remember their first dance?
How many remember their first chance?Riding on swings giving you candy rings
The more I think about it the more candy I bring
Going on school trips I make sure I sat where you sit
With my radio playing music, New Romeo my exclusiveI'm the one everybody saying the truth is
I'm 'bout slushing all Sunday

Bring some frenzlo I got the soldiers with meYou can bring your sister I got my uncle with me
After school prom taking posters with me
The new king and queen you suppose to hold it with meI love you, you love me

Be down for me, wait around for me
Care for me, be there for meHow many remember their first kiss?
How many remember their first wish?
How many remember their first dance?
How many remember their first chance?I love you, you love me
Walk with me, girl talk to me
Be down for me, wait around for me
Care for me, be there for meHow many remember their first kiss?
How many remember their first wish?
How many remember their first dance?
