

Destroya

My Chemical Romance

Check, check, check, check
Check, check, check, check
Check, check, check
CheckDon't believe what they say
We're dead flies in the summertime
They leave us all behind
With duck tape scars on my honeyThey don't like who you are
You won't like where we'll go
Brother, protect me now
With blood they wash in the moneyYou don't believe in God
I don't believe in luck
They don't believe in us
But I believe we're the enemyYou don't believe in God
I don't believe in luck
They don't believe in us
But I believe we're the enemyRight nowI'm sick down from the bones to the other side
Red-mob where insects hide
King rat on the streets in another life
They laugh, we don't think it's funnyIf what you are is just what you own
What have you become
When they take from you
Almost everything?You don't believe in God
I don't believe in luck
They don't believe in us
But I believe we're the enemyYou don't believe in God
I don't believe in luck
They don't believe in us
But I believe we're the enemyDestroya, destroya, destroya
Destroya, destroya, destroya
Against the sun, we're the enemy
Destroya, destroya, destroya, destroyaI don't believe in God
(You don't believe in God)
I don't believe in love
(I don't believe in luck)I don't believe in you
(They don't believe in us)
I just believe in the enemy
(But I believe we're the enemy)I don't believe in God
(You don't believe in God)
I don't believe in love

(I don't believe in luck)I don't believe in you
(They don't believe in us)
I just believe in the enemy
(But I believe we're the enemy)You don't believe in God
I don't believe in luck
They don't believe in us
But I believe we're the enemyYou don't believe in God
I don't believe in luck
They don't believe in us
But I believe we're the enemyDestroya, destroya, destroya
Destroya, destroya, destroya
Against the sun, we're the enemy
Destroya, destroya, we're all waiting for yaDestroya, destroya
Against the sun, we're the enemy
So show me what you got
You children of the gunDon't hide and we don't run
Against the sun, we're the enemy
So show me what you got
Against the sun, we're the enemy
