

# Adrenalize

## In This Moment

Advisory - the following lyrics contain explicit language:

Adrenalize me Come a little bit closer, before we begin  
Lemme tell you how I want it  
And exactly what I need  
I'm here for one drug  
I'm only here for one thing  
So come on and tell me  
Can you fly like you're free  
Cause I need to feel  
Yeah, I need to say I must confess  
I'm addicted to this  
Shove your kiss straight through my chest  
I can't deny, I'd die without this  
Make me feel like a god  
Music, love and sex  
(Adrenalize me) I crave excess  
Turning wine into sweat dripping down my neck  
I can't deny, I'd die without this  
Make me feel like a god  
Adrenaline and sex Get a little bit higher  
So we can fall 'til we bleed  
Push a little bit harder  
Pull me into the speed  
So tell me, can you feel this  
Come into my dream  
Are you ready to awaken?  
Are you ready to feed?  
'Cause I need to feel  
Yeah, I need to say I must confess  
I'm addicted to this  
Shove your kiss straight through my chest  
I can't deny, I'd die without this  
Make me feel like a god

Music, love and sex  
(Adrenalize me)I crave excess  
Turning wine into sweat dripping down my neck  
I can't deny, I'd die without this  
Make me feel like a god  
Adrenaline and sexWe have to live before we die  
We were born to live before we die  
Don't you wanna live before you die?  
Let me see you live before you die  
Right here, right now, adrenalize me  
Right here, right now, adrenalize  
Right here, right now, adrenalize me  
Right here, right now,  
I'm addicted to thisI must confess  
I'm addicted to this  
Shove your kiss straight through my chest  
I can't deny, I'd die without this  
Make me feel like a god  
Music, love and sex  
(Adrenalize me)I crave excess  
Turning wine into sweat dripping down my neck  
I can't deny, I'd die without this  
Make me feel like a god  
Adrenaline and sex (Adrenalize me)
