

# Phenomenal Woman

[Laura Mvula](#)

Nobody ever told her she was beauty  
One day, she realized she was already free  
The color in her eyes was fire rising  
She found the light inside, a new horizon  
Oh my my, oh my, she flies  
Oh my my, oh my, she flies  
Oh my my, oh my, she flies  
Oh my my, oh my, she flies  
She battled trials and every kind of tribulation  
She reveled in adventure and imagination  
She never listened to no hater, liar  
Breaking boundaries and chasing fire  
Oh my my, oh my, she flies  
Oh my my, oh my, she flies  
Oh my my, oh my, she flies  
Oh my my, oh my, she flies  
It don't matter what people say  
Cause they don't know you, where you come from or where you're going  
You are phenomenal woman  
You are phenomenal, phenomenal!  
Oh my my, oh my, she flies  
Oh my my, oh my, she flies (she flies, ah-ha!)  
Oh my my (oh my my), oh my, she flies (she flies)  
Oh my my (fly), oh my, she flies (she flies)  
Phenomenal woman
