

To Find My Way to You

Bebo Norman

Well, I can't find the words to say
Just to make, make this go away
So you just bleed, and I can't sleep
tonight

'Cause it's hard to see just what you mean
Across the lines that bring your voice to me
But I can hear your every tear
when you cry

Chorus:

And, oh Love, when you say to me
That your heart breaks every time I leave
I would set out across the sea
Just to find my way to you

Well, I don't know which way to go
So I search the stars, basking in the glow
But they all fall down, without a sound
from the sky

Chorus:

And, oh Love, when you say to me
That your heart breaks every time I leave
I would set out across the sea
Just to find my way to you

Musical bridge

Well, I still can't find the words to say
But you, My Love, love me anyway
So just go to sleep, and my heart will keep the time

Chorus, altered:

'Cause, oh Love, when you say to me
That my kiss is the breath you breathe
I would wake up from a thousand dreams
Just to find my way

Chorus:

And, oh Love, when you say to me
That my kiss is like the breath you breathe
I would wake up from a thousand dreams
Just to find my way to you

Oh, just to find my way to you
