

Hit The Floor

Bullet for My Valentine

I see you walking home alone
Your face is alive and bright
But you can't see how weak you are
Cause I could end it tonight It's the feeling you get when you think
That someone behind is watching you
Well I can tell you know that someone is me
And I'm about to make it right Why do you take it all, why do I beg for more
I never thought that this is how I'd hit the floor
Why do you take it all, why do I beg for more
I never thought that this is how I'd hit the floor I creep up from behind
Touch your neck, move down your spine
You take a look and breathe so sharp
Just a matter of time Don't scream I ask of you
But then you let one out so know its time to go
I come down on you like a ton of bricks
All over so its time to go Why do you take it all, why do I beg for more
I never thought that this is how I'd hit the floor
Why do you take it all, why do I beg for more
I never thought that this is how I'd hit the floor Hit the floor Why do you take it all, why do I beg for more
I never thought that this is how I'd hit the floor
Why do you take it all, why do I beg for more
I never thought that this is how I'd hit the floor Take this from me, I don't wanna hurt you
Take this from me, I don't wanna hurt you
