

# How High

## Brandy

(Verse 1) Remember back when I gave you my Daytime number, number, number, number  
Like I've known you all my life but we're perfect strangers, strangers, strangers, strangers (Pre Hook) Now I feel  
Connected to you  
Like a rib, I'm one within you  
We're Unbreakable, Unbreakable  
Inseperable, Inseperable So.... (Hook) When You say Jump I'll Say  
How High, How High, How High  
I wanna touch the sky  
I'm So High (x2) (Verse 2) Remember back when you took me to meet your mother, mother, mother, mother  
She said she thought you found the perfect lover, lover, lover, lover (Pre Hook) Now I feel Connected to you  
Like a rib, I'm one within you  
We're Unbreakable, Unbreakable  
Inseperable, Inseperable So when.... (Hook) When You say Jump I'll Say
