

# A Slow Dance

## Gyroscope

just give me one dance, one dance with you, ohhhhh

just a slow dance so im nearing you, ohhhhh

take my hand, then let go just let go

take my hand and lets go so lets go

did i hear you scream through the windscreen when you dropped me off

we've said it before and we'll say it again this time this time it's much different, stop fixing the score, when you cheat i can tell

this time, this time, this time it's much different from top stands i will get to you, ohhhhh

with my guitar in hand i'll play as if i knew, ohhhhh

i understand now let go just let go

take my hand and lets go so lets go did i hear you scream through the windscreen when you dropped me off

did i steal your dream if i made a scene, would you top me off

just a slow dance

just a slow dance, take my hand

just a slow dance We've said it before, we wont say it again

this time, this time it's much different

When you cheat i can tell, when you cheat i can tell

this time, this time, this time, next time when you cheat i can tell, when you cheat i can tell

oh when you cheat i can tell, when you cheat i can tell
