Live With the Drones

Smiling Horse

Live with the drones

I told you once before
This thing will change our lives
You say its something new
And it can kill you by surprise.

We got to live with the drones
We got to live with the drones
Oh its true ...
And there is nothing we can do.

I told you once before
This thing will change our lives
You say its something new
And it can kill you by surprise.

We got to live with the drones
We got to live with the drones
Oh its true ...
And there is nothing we can do.
