Good Good (feat. Kid Ink & DeJ Loaf)

Lil Durk

And I know that she love me
She tellin' me that she want me, want me, want me, want me want me
You call me then I'm on it, on it, on it, on it, on it
Gotta say don't be so phony, phony, phony, phony, phony
Put that pussy over that money, money, money, money, money
I know she got that good, good, good, good, good (good)
We reachin', know she good, good, good, good, good (you know)
We don't need my crew, crew, crew, crew, crew (I would)
I just want my name on, I just want my name on, I just want my name on'Cause I know you got that good good, but I know you're such a bad bitch
I can't help myself but look when, you make that ass backflip
I smack that, on some next shit, got a nigga fiending on some crack shit
In a bikini in Pacsun, you too good, you must practice
All of the moves, hittin a nigga with combos up in the condo (ow)
To tell you the truth, that pussy so good, feel like I ain't wearin a condom (oh)
Scratch your head down, after tonight, you're gonna have to hit the salon up (yeah)
I swear every time you feel like a virgin again, you might be Madonna
Feel like a sauna, we done got the hot box goin (oh)
Shawty such a freak show, never keep her socks on (no)
Buck it naked, said that body so amazin (yuh)
Keep a secret like a Mason (whoa) how you move it like you nakedShe tellin me that she want me, want me, want me, want me want me
You call me then I'm on it, on it, on it, on it, on it
She say I don' said don't be so phony, phony, phony, phony, phony
Put that pussy over that money, money, money, money, money
I know she got that good, good, good, good, good (good)
We reachin', know she good, good, good, good, good (you know)
We don't need my crew, crew, crew, crew, crew (I would)
I just want my name on, I just want my name on, I just want my name on
