

# We Got Defeat

## Descendents

Yeah the world just kicked my ass again  
Old news, it's the same way it's ever been Just like before  
Sprawling senseless  
To the floor  
With no defenses Don't have the time to be angry  
I'll use my mind  
Find out how they beat me  
Not like before  
I'll learn some new tricks  
I'm gonna school  
The sonsabitches We got defeat, but I'm learning  
We got defeat - I'm determined  
We got defeat - I'll return and  
I'll beat em' next time Winning never taught anybody anything  
Underdogs get the bone eventually  
Not like before  
I think I got this  
I'm gonna school  
The sonsabitches
