Keep Remembering

Lighthouse Family

Keep remembering, keep remembering
Keep remembering, keep remembering
Keep remembering, keep remembering
Keep remembering, keep rememberingDowntown, middle of the afternoon
Sweet sound, everybody's on the move
But it really don't feel like home
I know that something's happened
I don't seem to fit my shoesHometown, it's always been a part of me
I know now, it don't take much to darken it
It's a difference of opinion
But it might as well be Mars to me
When I got the blues(Keep remembering)
Somebody I know told me yesterday
(Keep remembering, keep remembering)
That you're never coming back to me
(Keep remembering, keep remembering)
Well, you never know what the others say
(Keep remembering, keep remembering)
At another time in another place
(Keep remembering)Well, well, what's the use in crying then?
It's the way of the world
And you know you've got the chance to change
And the brilliant thing is there's a million things
That you know are always gonna help you take your mind off itI found out that I lost a part of me
It's better now, though this thing's been hard for me
'Cause the day has come, I should be moving on
That's the only way to go
Pick it up and start againSomebody I know told me yesterday
(Keep remembering, keep remembering)
That you're never coming back to me
(Keep remembering, keep remembering)
Well, you never know what the others say
(Keep remembering, keep remembering)
At another time in another place
(Keep remembering, keep remembering)Honey, I know that it's not the end of the world
(Keep remembering, keep remembering, keep remembering)
But it hurts the same, when do you let go?
(Keep remembering, keep remembering)
Honey, I don't know, keep remembering

(Keep remembering, keep remembering)And don't forget
Keep remembering
(Remembering, remembering)
And don't forget
Keep remembering
(Remembering, remembering)(Keep remembering)
Somebody I know told me yesterday
(Keep remembering, keep remembering)
That you're never coming back to me
(Keep remembering, keep remembering)
Well, you never know what the others say
(Keep remembering, keep remembering)
At another time in another place
(Keep remembering)(Keep remembering)
Honey, I know that it's not the end of the world
(Keep remembering, keep remembering)
But it hurts the same, when do you let go?
(Keep remembering, keep remembering)
Honey, I don't know, keep remembering
(Keep remembering, keep remembering)And don't forget
Keep remembering
(Remembering, remembering)
And don't forget(Keep remembering)
Somebody I know told me yesterday
(Keep remembering, keep remembering)
That you're never coming back to me
(Keep remembering, keep remembering)
Well, you never know what the others say
(Keep remembering, keep remembering)
At another time in another place
(Keep remembering)
