Christmas Love

Candy Claws

Have a merry Christmas
And a happy new year
Give everyone your blessin'
And spread the good cheer
The best gift you can give
Is the gift of love
It's what the whole world needs
It's what we're dreamin' of
So light up the fire
Walk through the snow
Come and stand with me now
Under the mistletoe
We all need some Christmas love
Gonna get my Christmas love
We all need some Christmas love
Children wrap your presents
Put them underneath the tree
If everybody gives
Then everyone receives
I see your pretty face
In the Christmas light
Children are excited
'Cause Santa comes tonight
So light up the fire
Walk through the snow
Come and stand with me now
Under the mistletoe
We all need some Christmas love
Gonna get my Christmas love
We all need some Christmas love
Well, I see Santa's been here
There's a smile on my face
He's brought all the presents
Put them right in their place
He's probably flyin' high
Across the moon
He'll be at your chimney
Any time soon
So light up the fire

Walk through the snow
Come and stand with me now
Under the mistletoe
We all need some Christmas love
Gonna get my Christmas love
We all need some Christmas love
That is what I'm thinkin' of
We all need some Christmas love
We all need some Christmas love
We all need some Christmas love
We all need some Christmas love
We all need some Christmas love
Christmas love, alright
Oh, Christmas love, I'm alright
We all need some Christmas love
We all need some Christmas love
