

# Sunny Day

Akon

[Chorus - Akon]:

Who'd ever thought that I would see this day  
Where I would see my ghetto life fade away  
Cause I was lost and couldn't find a way  
And now I look forward to every day

Welcome to my sunny day[Verse 1 - Akon]:

Block don't stop, always stayed hot  
No matter how the seasons got  
I still remember when they took me away  
Kept it on lock, then I got caught  
Realized I had to stop

Then I took the time to explore a better waySearched high and low, so close, yet so far to go

I just know, there's a sunny day[Chorus - Akon]:

Who'd ever thought that I would see this day  
Where I would see my ghetto life fade away  
Cause I was lost and couldn't find a way  
And now I look forward to every day

Welcome to my sunny dayMy sunny day

Everyday

A better day

Welcome to my sunny day

My sunny day

Every day

A better day

Welcome to my sunny day[Verse 2 - Wyclef Jean]:

I was born in the ghetto

Raised in the ghetto

Saw my first 9 millimeter in the ghetto

Got my first kiss in the ghetto

Played hide and go seek with the girls in the ghetto

Wrote my first hit in the ghetto

Yeah Mona Lisa, can I get a date on Friday-ay-ay?

It's hard for me to let go

Life in the ghetto

The night it blessed my cousin (whoa-oh-oh)

Had to find a way out the ghetto

Picked up the guitar and started singing in the ghetto

Haters used to hate in the ghetto

Said I woulda never made it up out the ghetto

I guess that's why my cousins sold the yayo  
Even though Annie said the sun come out tomorrow  
But the ghetto stayed dark  
I never thought I'd ever see the Billboard charts[Chorus - Akon]:  
Who'd ever thought that I would see this day  
Where I would see my ghetto life fade away  
Cause I was lost and couldn't find a way  
And now I look forward to every day  
Welcome to my sunny dayMy sunny day  
Everyday  
A better day  
Welcome to my sunny day  
My sunny day  
Every day  
A better day  
Welcome to my sunny day[Verse 3 - Akon]:  
Been a long day  
On my way  
To my holy place to pray  
Give thanks for every blessing given to me  
I know theres more to see, more to me  
No more living in misery  
Cause this is how I envisioned life to beSearched high and low, so close, yet so far to go  
I just know, there's a sunny day[Chorus - Akon]:  
Who'd ever thought that I would see this day  
Where I would see my ghetto life fade away  
Cause I was lost and couldn't find a way  
And now I look forward to every day  
Welcome to my sunny dayMy sunny day  
Everyday  
A better day  
Welcome to my sunny day  
My sunny day  
Every day  
A better day
