Might Have Been

Kate Voegele

I break away from every situation
Like this one most times baby
But since you been 'round here I've given in my dear
To your captivation dailyWell, I'm not the type who gets voted most likely
To be victimized by those old butterflies
But you're the exception, your love is infectious
The fever is climbin' highI hope you don't mind if I fall asleep on your shoulder
Now turn out the lights and let the night begin
I hope it's alright if you're still mine when we're older
'Cause I won't spend another day wonderin' what might have been
No, no, noI was so cynical, just inconvincible
Nobody seemed worth trusting
But sure enough just when I'd near given up
You appeared there among the destruction, yeahWell, now its official, I've lost my initial suspicions
And skepticism, yeah
Well, you got me caved in and playin' the field
And I see now what I'd been missin', yeahI hope you don't mind if I fall asleep on your shoulder
Now turn out the lights and let the night begin
I hope it's alright if you're still mine when we're older
'Cause I won't spend another day wonderin' what might have beenOh yeah, you got my permission, break the tradition, yeah
No limited editions, this is a persistent change of disposition
No more inhibitions 'cause I don't want to spend my life wishin'
No, no, no, no, no, no, no, no
No, no, no, don't you know?I hope you don't mind if I fall asleep on your shoulder
Now turn out the lights and let the night begin
I hope it's alright if you're still mine when we're older
'Cause I won't spend another day wonderin'Well, I hope you don't mind if I fall asleep on your shoulder
Now turn out the lights and let the night begin
I hope it's alright if you're still mine when we're older
'Cause I won't spend another day wonderin'
I won't spend another day wonderin'
I won't spend another day wonderin' what might have been
No, no, no, no, no, might have been, babe
What might have been
